## BUILDING WORLD CLASS TEAMS: The Essential Elements of Extreme Team Performance

What do the world's most successful teams have in common? The ability to upgrade their "teamwork" to Human Synergy! [READ MORE >](#)

"One word, PHENOMENAL! Robyn had the audience's attention from the moment she stepped out on stage. The Adventure Racing stories she shared were not short of incredible and showed the epitome of TEAMWORK. I have no doubt that every single person at the conference walked away with a new perspective and appreciation of what TEAM really means."

In 2014, Robyn was named a CNN Hero for the Project Athena Foundation - a foundation that helps women who have endured life-altering medical setbacks live an adventurous dream as part of their recovery. Robyn was inspired to start the foundation as a result of her own medical challenge—two total hip replacements. “I’m honored to be chosen a CNN Hero but the Athenas (Survivors) who reach their recovery goal of a Project Athena adventure are the true heroes.”

# LEADING THROUGH CHANGE

Great leaders experience times of great turbulence, challenge and change in every aspect of their lives; it is their attitude and mindset that carries them and their teammates to greater heights in the FACE of that change. [READ MORE >](#)

## WHO IS ROBYN BENINCASA?

"After years of study in what causes a team to rise from "good" to "world class", the biggest factors are the attitudes and actions of the individual teammates. In the races my team and I have won, we were not the strongest or the fastest, but we were able to create a "human synergy"—an ephemeral quality or "magic" that made the TEAM stronger than the collective training and experience of the individual members. If I could bottle it, I would certainly be a millionaire-- in my keynotes, I show your team the essential elements required required for this human synergy." - Robyn Benincasa
