

ROBYN BENINCASA

Project Athena Foundation inspires, encourages and funds women with breast cancer or other medical setbacks to unleash the athlete within and realize their dreams: whether that be to climb Mount Kilimanjaro, cross the finish line of an Ironman Triathlon, or fall into the arms of a proud family at the end of a local 5K.

**"KEEP THE DREAM ALIVE.
IT'S OUR MISSION TO HELP
YOU MAKE IT HAPPEN."**

-Project Athena Foundation

MELISSA CLEARY, LOUISE COOPER, DANELLE BALLENGEE & FLORENCE DEBOUT

"... instead of sitting back and taking setbacks, we are driven to embrace and squeeze every last drop out of life every day through training for and racing in the world's toughest endurance events. And we want you to join us."

-Project Athena Racing Team
